Rival Telegraph Companies Sabuit Their Rates to the Government,

WASHINGTON, Aug. 27. -- Officers of the united telegraph lines and of the Western Union Company had a long conference yesterday morning with the Postmister-General relative to fixing states for Government telegraph service. During the discussion of the question the fact was developed that the rates charged by the Western Union Com-pany were one hundred per cent, greater than those offered by the united telegraph lines. The manner of the united lines of fered rates for all Government messages on the basis of the report of the Senate Committee on Post-adices, with some slight modifications, and prayed for the exclusive patroage of the Government. Captain Whitney also presented in writing the views of the Western Union Company. He protested against his company being forced to accept Government business at the low rates offered by the united telegraph lines. It was shown that the Mutual Union lines, a part of the Western Union system, were being used to cut rates against the united telegraph lines, while the other wires of the Western Union Company maintained the high tariff. The rates offered by Mr. than those offered by the united telegraph the high tariff. The rates offered by Mr Baies are as low as these contemplated by the Senate bill, thus practically solving the question of low rates without Government enactment.

Speeches by General Logan, Governor Hamilton, Ex-thovernor Oglesby, Carter H. Harrison and Others.

Old Comrades Meet Again.

THE REUNION AT CHICAGO. CHICAGO, Aug. 27.—The exercises atending the opening of the reunion of soldiers and sailors of the Northwest began at the grounds of the Driving Park Association yesterday afternoon. According to the reckaning of the Commander, General H. Hilliard, five thousand soldiers and sailors were on the ground. Headquarters in the various buildings had been opened by the following organizations:

following organizations:

Post 91, G. A. R.; Post 135. Mendota; One Handred and Twenty-seventh Illinois Infantry; Post 226, Nunda, Ill.; Post 5: Post 28; Union Veteran Club; Union Veteran Leugue; Seventeenth Illinois Cavalry; Elmsdale, G. A. R.; Rolland, In., G. A. R.; Rockford Post 1; ex-Prisoners of War; Galesburg, Post 35; Monmouth, Post 380; James A. Mulligan Post 386; Kirkwood, Post 81; Knoxville, G. A. R.; Henry, Ill., Post 34; Carlinville, Post 331; Fifty-seventh Illinois Infantry; A. Lincoln Posts 9 and 94.

In the little city of white tents, 250 m number, which are pitched on the grass near the middle of the grounds, are quartered the following:

Benker Post 276; Paw-Paw Post 308; R. H. Graham Post 312, of Moline: Lake County Reumon Association, of Wankegan: Bowensburg Post 426; Chebanse Post 256; Sedgwick Post 36; Eighty-Second Blinois Infantry: Bloomington Post 17; Battery D. I. N. G.; Cedar Hapida, Ia., Veterans; Pontiae Post 16; Thirty-Third Illinois Infantry; John Brown Post 50; Lyons Post 9.

Vast quantities of badges of every de-scription hung on men's costs, and all the structures on the grounds were fringed with lags and red, white and blue streamers. The stand occupied by the judges on racing days was elaborately decorated, and supported on its roof large, roughly painted portraits of Generals Grant, Sheridan and Sherman. In the headonatters of large Sherman. In the headquaters of James A. Mulligan Post was displayed a plaster but of the brave young Colonel who was killed at Winchester, Va., and in memory of whom the camp is named.

General Logan and party arrived on the ground about three o'clock, and the oration to the old commander was of such an en-thusiastic nature as to for a considerable length of time postpone the carrying out of the programme. At last General McNulta, President of the association, mounted a ta-ble and introduced Governor Hamilton to the assemblage. Most of the veterans stood on the ground at the base of the speakers on the ground at the blass of the speakers platform, while the grand-stand was mainly filled with ladies. Governor Hamilton was received with cheers and shouts of "Logan!" In his address of welcome he said that the State of Illinois, grand, great and gallant as she had been, with the plans they hear the very control of the page 18 they hear they have the standard the second of the page 18 they have the standard they are the second of the page 18 they have the second of the A LOSS to US Means a Gain to YOU grand, great and gallant as she had been, could do no loss than heartily greet the verent soldings of the great wan. They were welcomed by the ever-developing intelligence of the State's manhood, much of which had been developed through their undying achievements, having been made possible by their valor and their victories. But they were equally welcomed as strong citizens as well as valiant soldiers. From whatever army, station or State they came, they were welcomed on the great came, they were welcomed on the great plane of American citizenship. The State could do little else in the light of the great deeds they had accomplished nearly a quarter of a century ago. The soldiers who were absent were remembered at this meet-

"Logan!" General Logan came forward and was introduced, after which he said in substance:

The men whom you welcomed to-day were the representatives of the Northwest who went forth for the perpetuation of the Union. They upheld the Union and destroyed socession. They loved liberty and hatch slavery. They sowed the seed from which Republican lites hereafter shall spring. To these men unlike some of the armies of the old sountry, were selected from among the patriotic citizens. They nurshed through fills and vales, from North to South, unturing the banner of liberty. The young man who hid himself behind the walls of his quiet home while these men fought and bled and suffered is a fustard unworthy of the name of an American citizen. God forbid that you should ever have to apologize for your crutch or the wooden leg you wear. As light comes, the stars studding the prairie of heaven, lighting up man's pathway, so true the starry banner shall wave over the craggy hills from end to end of the country. In this connection let me mention the galaut services of my own State-Himois. She mustered in 150 regiments of avalry, 22.62 men; two regiments of artillary, nine independent batteries, 1,271 men—in all, 225.30 men. Of this number only 22.681 mustered out, showing that 133.211 were discharged, wounded and killed, or died of famine and discase—575 at Andersonville. During the service there were 1,973 men onlisted in the old Thurty-first Regiment—the one I had the honor to raise and command at the outbreak of the war. Of this number only 13, 1815; killed in action, died of wounds and kilded, or died of famine and discase—576 at Andersonville. Miss Alice Mitchell sang the "Battle Hynn of the Republic," and a strophe of the "Star-Spangled Banner" as encore, the whole audience joining in the chorus.

Speeches by Mayor Harrison, ex-Governor Oglesby and General John C, Black followed, and all were received with euthusi-

lowed, and all were received with enthusiasm such as only old veterans can give vent to. J. R. Clifford, of Virginia, was to have delivered an address, but he did not reach the grounds, and the audience was dismissed at the close of General Black's address.

Following the speeches came the ceremony of raising a flag over the building occupied by the Women's Auxiliary Society, which was carried out in the presence of a large concourse of spectators, who heartily cheered as General Logan, to whom the task was allotted, skillfully performed the duty. An adjournment was then made to the restaurant of the society, where General Logan showed his ability as a carver by neathy and expeditiously dissecting a fine specimen showed his ability as a carver by heavy and expeditiously dissecting a fine specimen porker. The candidate for Vice-President of the United States were a large apron with a wide frill on the bottom. The strings were tied in a beautiful bow-knot. ### THE ILLINOIS CAMPAIGN.

the Chairman of the Democratic State Central Committee Endoavoring to Bring About a Combination with the Greenbackers. Chicago, Aug. 27.—John H. Oberly, Chairman of the Democratic State Central

day. To day he will confer with the leaders of the Greenback party who are to be in attendance at their State Convention with reference to a fusion with the Democrats. Before Oberly's departure he had a consultation with Carter Harrison and other Democrats and received their assurance that any reasonable agreement touching the indersement of the Domocratic State ticket and a division of the electors will be acceptable. Oherly is so thoroughly convinced that fusion is the proper thing that if the Greenbackers bid for anything in

reason they are likely to get it.

Secretary Shively, of the National AntiMonopoly Committee, is expected to interpose the greatest obstacle in the way of fusion by making a demand for more than
half the electors. In spite of the fact that in 1880 the Greenbackers cust only 26,000 votes, he now insists that Butler has as many supporters in Illinois as Cleveland. Whether he can exert such an influence over the State Greenback Convention (not belonging to that party himself), that it will insist upon conditions that will spoil the deal is one of the questions to be deter-

mined to-day.

Hillshoko, Ill., Aug. 27.—Hon. George C. Christian, of Chicaso, Chairman of the State Central Committee, and the gentle-State Central Committee, and the gentleman who nominated St. John in the Pittsburgh Convention, was here alonday working up the Prohibition cause in this section of the State. He said the prospects of the Prohibition party were very flattering in this State. The committee had already had the nearest of the trents five thousand main. the names of twenty-five thousand mem-bers who would vote the Prohibition ticket, State and National, and the canvass had barely commenced. Ile felt confident that they would get sixly thousand votes in Illinois. He said the Prohibition sentiment was strongest in the central and southern part of the State.

#### Miner's Troubles in Two States.

BECHTEL, O., Aug. 27.-Miners are cont ing in from the surrounding country, and the most bitter feeling exists between the strikers and the guards on duty. When the new men were put into the mine yesterday the strikers obstructed the road, but were finally driven back by the Pinkerton men. One aged striker was knocked down by a guard and broke his arm; the guard was arrested and bound over in \$500. Threats are being made and trouble is anricipated.

PITTSBURGH, Pa., Aug. 27.—Last even-ing 350 miners arrived at the Coal Center camp from the lower pools on the steamer Alice. The strikers are very jubilant, and elaim that for every arrest made there will be four new recruits. Operator Neel came here yesterday to take counsel as to whether if the miner's camp is maintained for the purpose it is, it can not be broken up and the miners forced to leave. It is held by some that merely maintaining the camp is a violation of the law.

### Heary's Bady Not to Be Disturbed.

NEW YORK, Aug. 27 .- On the Coroners of New York and Long Island calling on were absent were remembered at this meeting with the same tenderness as when they were left on the bloody battle-fields of the South. The applause which followed this address was nearly drowned in shouts of "logan!" General Logan came forward and was introduced, after which he said in the same tenderness. It is minimary amounted the remains of Priward Henry, Colonel Perry informed them that they would have to the a written application to him, to be for worded to the Secretary of War at Washington. As the Supervisors of Queens County have refused to defeat the axnenses, forty dollars, of exhuming the military authorities to obtain their confray the axpenses, forty dodars, of exhum-ing the body of Private Henry, the remains of the unfortunate Arctic royager will probably not be disturbed.

Pease well-known merchant in the imported paint line, was arrested by Robert Pinkerton yesterday charged with forging three notes aggregating \$6,000, which he had deposited to his credit in the Mechanics' National Bank. St. Paul, Minn., Aug. 27.—The People's Bank was most adroitly and successfully robbed by an employe some time between 8 turday night and Monday morning. The employe is Eddie Mason, a young fellow of St. Paul who has been in the bank only a few weeks. He is but sixteen years eld. The reblack was yout aven supperfed until The robbery was not even suspected until Monday morning, when upon opening the vault and inside safe it was discovered that between \$5,000 and \$10,000 had been stolen, the exact sum not being given. The outer vault door and lock were all right, and bore no evidence of interference. The matter was kept quiet, and business at the bank proceeded as if nothing business at the bank processors as nothing had happened. Suspicion fastened upon Mason, who was the youngest book-keeper in the place, and was confirmed upon the discovery that he was not at his desk. How discovery that he was not at his desk. How the young fellow accomplished the rob-bery is not known. Cushier Rit-tenhouse is the only one who new the combinations, and no one imagines for a moment that he disclosed the secrets. The locks worked were three in number, and each was a three-tumbler lock, so that to open any of them was an other impossibility unless the exact combinoter impossibility unless the exact combi-nation was obtained and correctly applied. Not a scratch was upon any lock. All doors were as securely locked on Monday morning and on Sunday as they were Sat-urday evening when Cashier lit-tenhouse closed them. The job

would do credit to the oldest cracksman in America. Certain of the bank officers are onfident that Mason will be arrested soon, but they will not reveal where he is hiding. A meeting of the directors was held yesterday, when it was decided to take prompt treps to secure Mason's arrest at once. WARD'S ASTOUNDING PRETENTIONS. New York, Aug. 27.—Ferdmand Ward's affidavit, made May 20 last, two weeks aft-

er his failure, was uncarthed and made public yesterday for the first time. Ward charges all his misfortune to William S. charges all his misfortune to William S. Warner. During their transaction Warner loaned to Ward \$6,000,000, and at one time or another Ward paid back \$7,800,000, the difference being claumed as "profits" from the mythical Government contracts. Ward declares that he was compelled to pay Warner twenty per ceut, par month, and did not dare complain for fear that Warner would expose everything, as Ward had very good reason to believe that Warner knew the alleged contracts were fictitions. When the exposure came there was due Warner in fictitious profits \$2,500,000, and it was to settle this unlawful debt. was due warrier in neutrous profiles 25,00,000, and it was to settle this unlawful debt that Ward was forced to transfer all his property to Warner. The receiver of Grant & Ward is now trying to force Warner to give up the property so obtained and let it go in as assets.

WARNER TO BE ARRESTED. ALBION, N. Y., Aug. 97.—Warrauts were issued yesterday for the arrest of A. S. Warner, changing him with grand larceny. He is at St. Catherine's Ont., and the officers claim they will be able to secure iden. William R. Caulkins, of Boston, at whose home it is claimed the younger Burrows was poisoned, has turned public opinion in his own favor and now no one here lieves him in any way guilty of attempting to poison Burrows, and it is fur-ther positively claimed that Burrows was until Thursday, and the race will men be or greater interest. LEFT WITHOUT A DOLLAR. New York, Aug. 27.—William J. Hutchinson, the noted broker, whose name has been unpleasantly mentioned with the recent failure of the Wall Street Bank, is a complete financial wreck. General Clinton B, Fisk made public the particulars yesterday. It is less than three years ago
Hutchinson made \$2,000.000 lu the
Hannthal & St. Joe corner by his
peculiar transactions as a broker for
John R. Duff, which were considered so
fraudulent that he was expelled from the fraudulent that he was expelled from the stock exchange. After making restitution to Duff to the amount of \$755,000, he had left a clear fortune of \$1,250,000. Yet in the brief period since that time, Mr. Hutchinson has succeeded in spending nearly all that vast sum, and, after paying his indebtedness, it is declared that he will not have a dollar. He ower nearly \$200,000 on the street, and it is doubtful if he can liquidate these claims without the existance of his wife, All his money was squandered in unsuccessful Wall street speculations and in expensive litigations. His transactions with Duff involved him in innumerable suits.
